Expertise

Dr. Khoddamzadeh's research in sustainable and conservation horticulture science broadly covers how to integrate the science and the stakeholders need to address the real challenges associated with climate change and the species endangerment. This multidisciplinary research addresses a range of topics including *in-vitro* propagation (tissue culture) and gene-banking (cryopreservation) of the endangered plants, seed technology and biotechnology assessments, and optical non-destructive handheld sensor technology for sustainable water and fertilizer management of horticultural crops which is the very valuable practice for precision management decision making in botanic gardens, farms and nursery production. Dr. Khoddamzadeh serves as the Undergraduate Program Director of the Department of Earth and Environment.

Professional Experience

Florida International University, Department of Earth and Environment, 11200 SW 8th St. Miami, FL 33199.

Instructor and Undergraduate Program Director, 2015-present

Affiliation in Agroecology Program and International Center for Tropical Botany at the Kampong Botanic Garden.

Founder: Dr.Horticulture iPhone application (FIU Startup).

Oklahoma State University, Department of Horticulture and Landscape Architecture, 358 Agricultural Hall Stillwater, OK 74078.

Research Scholar, 2013-2015

Ferdowsi University of Mashhad (FUM), Department of Plant Production Technology, Faculty of Agriculture and Natural Resources, Mashhad.

Assistant Professor, 2012-2013

Founder and Team lead, 2011-2013. Rose Biotech Startup, Technology Park, FUM.

Agricultural Biotechnology Research Institute of Iran, East and North East Branch, Mashhad.

Assistant Professor, March 2011- August 2012

Kheradgarayan Motahar Institute of Higher Education, Mashhad.

Visiting Assistant Professor, 2011- February 2012

University Putra Malaysia, Department of Crop sciences

Graduate Teaching/Research Assistant, July 2007 to May 2011.

Dissertation title: Induction of protocorm-like bodies (PLBs), synthetic seed production, and cryopreservation in *Phalaenopsis bellina* (Rchb.f.) Christenson.

Thesis: Study of drought stress ecophysiological effects on seed and plant characteristics of soybean *Glycine max* (L.) [Merr] cultivars and lines.

Teaching

AGG 4941: Agriculture Internship
AGR 3930: Agriculture Colloquium: Medicinal, Aromatic, and Poisonous Plants (MAPs)
AGR 3930: Agriculture Colloquium: Biotechnology Applications in Horticultural Crops
AGR 3930: Agriculture Colloquium: Seed Technology, Biology, and Conservation
AGR 4240: Modern Crop Production/AGR 5241*: Advance Modern Crop Production
EVR 1001: Introduction to Environmental Science & Sustainability
EVR 4274: Sustainable Agriculture
EVR 4905/EVR 5907*: Independent Study
EVR 4934/EVR 5935*: Special Topics
EVR 6970*: Supervised Research
HOS 3012: Introduction to Horticulture Sciences
HOS 3012L: Horticulture Science Lab
IDS 4232: Sustainability in Action
ISC 4940-U34: Research Internship
*Graduate level**

All the syllabuses are online and can be found at
<https://earthenvironment.fiu.edu/academics/syllabi/>

Service

- Undergraduate Program Director Fall 2019
- Department of Earth and Environment Undergraduate Committee since Fall 2015
- Organic Garden Faculty Supervisor
- Garden Club Faculty Advisor
- Director of Poinsettia Sale Event
- Agroecology Curricular Development
- Sustainability Program Revision Committee
- Search and Screen Committee (2018)

Professional Service

- Chair- Graduate Student Activities Committee-ASHS
- Chair-Outstanding International Horticulturist Award Committee-American Society for Horticultural Science (ASHS) (2018-2019)
- Co-Chair - Graduate Students Poster Competition, 2017 - Annual ASHS Conference - Hawaii
- Chair (2017-2018) Ornamental Plant Breeding Interest Group-ASHS
- Chair (2017-2018) Seed and Stand Establishment Interest Group-ASHS
- Conservation Committee and Education Committee - Florida Native Plant Society (FNPS)
- Dan Austin Award for Ethnobotany Committee-FNPS
- Partnership and Engagement and Educational Initiatives Working Groups Committee - FIU Tropics
- Editor in Chief of Scientific Journal of Agricultural Research

- Editorial Board - Advances in Food Technology and Nutrition Sciences
- Editorial Board - Advances in Agriculture and Environmental Science
- Editorial Board - Environmental Sciences and Environmental Toxicology

Courses Taught at other Institutions

Principles of Horticultural Science
 Plant Propagation (+ Lab)
 Urban Horticulture Production
 Plant Ecology
 Research Methodology
 Tissue Culture (+ Lab)
 General Botany/Botany Fundamental
 Agronomy Principles of Medicinal and Aromatic Plants (+ Lab)
 Plant Physiology

Award

Engagement Award	2019
College of Arts, Sciences, and Education, Florida International University	
Prestigious Recognition Award - Garden Club'	2017
College of Arts, Sciences, and Education, Florida International University	
Certification of Appreciation	2017
Council for Student Organizations, Florida International University	
Early Career Young Faculty Competition Award – 1st Place	2015
American Society for Horticultural Science

Invited Speaker

- Orchid Seed bank and Cryopreservation. 2019. Plant Ecophysiology and Evolution Group at College of Forestry, Guangxi University, China.
- Guest lecture at Natural Resources and Conservation and Policy (EVR 6377) Course. 2019. FIU. Miami, FL.
- Improvement of Seed Technology Practices in Medicinal (Herbs & Spices) Plants and Horticultural Crops. 2018. ASHS Annual Conference. Washington, DC.
- ORH 1283-Survey of Orchids - 10th Orchid Short Course. 2018. Emerson Alumni Hall University of Florida, Gainesville, FL.
- Florida Native Plant Society. Orchid Conservation, Restoration, and Citizen Science. 2018. Miccosukee Resort. Miami, FL.
- In-Vitro* Conservation of the Critically Threatened Floridian Orchids by Encapsulation-Dehydration. 2017. Florida Native Plant Society Annual Conference, River Ranch, Florida.

Medium and Long-Term *In-Vitro* Conservation of South Florida Endangered Orchids. 2017. Florida Native Plant Society-Dade Chapter. Pinecrest Garden, Miami, Florida.

Florida Cowhorn Orchid: an Alternative *Ex-situ* Conservation Method for the Endangered *Cyrtopodium punctatum*. 2017. Society of Wetland Scientists Annual Conference. San Juan, Puerto Rico.

“Novel Challenges and Opportunities in Tropical Ornamental Horticulture: Orchid Biotechnology”. 2016. ASHS Annual Conference. Atlanta, Georgia. The title of the talk: Why Artificial/Synthetic Seed Technology in Orchids?

Future of Orchid Research. 2016. ASHS Annual Conference. Atlanta, Georgia.

Smart Application Technology for Sustainable Nursery Production Management. 2016. International Workshop on Agroecology and Sustainable Agriculture. Miami, FL.

Sustainable Horticulture in the Subtropics. 2016. International Workshop on Agroecology and Sustainable Agriculture. Miami, FL.

Embryo rescue and artificial seed encapsulation treatments in flowers. 2015. ASHS Annual Conference. New Orleans, Louisiana.

Evaluating the impact of Superabsorbent Polymers on grapevine water management. 2015. ASHS Annual Conference. New Orleans, Louisiana.

Plant genebanking in the Middle East and South East Asia, Its Potentials and Challenges. 2014. Keynote Speaker at International Division, American Society for Horticultural Science. ASHS Annual Conference. Orlando, Florida.

Cryopreservation and synthetic seed production. 2012. Third Agricultural Biotechnology Conference. Keynote Speaker, Ferdowsi University of Mashhad.

Conference/Symposium/Workshop Leader-Facilitator

- Orchid Genebanking. 2019. Plant Ecophysiology and Evolution Group at College of Forestry, Guangxi University, China.

PROFESSIONAL MEETING and Peer Review Panels

- USDA- NIFA - Federal Grant Peer Review Panelist - K-14 Food, Agricultural, Natural Resources and Human Sciences Education Grant Program. 2019.
- Florida Department of Education - Sunshine State Scholars Expert panel. 2019
- Hispanic Serving Institutions (HSI) Program New Project Directors' Conference. 2018. Washington, D.C.
- Southeastern Partners in Plant Conservation (SePPCon) Meeting. 2016. Atlanta Botanic Garden.
- The North American Orchid Conservation Center (NAOCC) Florida-Georgia Regional Effort. 2015. Naples Botanic Garden.

Funding Activity

- Production and economic potentials of alternative crops for Florida organic farmers, Co-PI
Funding Source: USDA-NIFA
Total budget: \$\$213,130. 2019 (Pending)
- Urban and Community Forestry Challenge Cost-Share Grant Program, Co-PI
Funding Source: USDA-Forest Service
Total budget: \$72,000. 2019 (Pending)
- Cochran Fellowship Program, Co-PI
Funding Source: USDA - Marketing of Agricultural Produce (Fruit and Vegetables) – Moldova
Total budget: \$63,000. 2017 (Awarded)
- Innovative Curriculum for Agriculture Training and Career for Hispanics, Co-PI
Funding Source: USDA NIFA HSI
Total budget: \$2,049,601. 2016 (Awarded)- Ongoing
- Cochran Fellowship Program, Co-PI
Funding Source: USDA
Total budget: \$85,356.46. 2016 (Awarded)
- Cultivar Evaluation and Precision Water Assessment in Grapevine with the emphasis on Super-Absorbent Polymers, PI
Funding Source: Oklahoma Viticulture and Enology
Total budget: \$24,976. 2015 (Awarded)
- Effects of super-absorbent polymers on grapevine transplant cultivars, PI
Funding Source: Oklahoma Viticulture and Enology
Total budget: \$20,616. 2014 (Awarded)
- Callus induction, multiplication and acclimatization of fig tree, Co-PI
Funding Source: Ferdowsi University of Mashhad's faculty startup grant
Total budget: Approximately \$10,000. 2012 (Awarded)
- Investigations on the cardinal temperatures for germination of five medicinal plants, PI
Funding Source: Iran's medicinal plant Association
Total budget: Approximately \$2,000. 2012 (Awarded)
- Commercial saffron tissue culture protocol optimization (Co-PI) + tissue culture propagation of promising selected clones (PI) + selection of superior clone's regional experiment (Co-PI)
Funding Source: Agricultural Biotechnology Research Institute
Total budget: Approximately \$56,000. 2012-2015 (Awarded)
- Comprehensive study of drug metabolites and introduce the best jujube, PI
Funding Source: Agricultural Biotechnology Research Institute
Total budget: Approximately \$10,000. 2012-2013 (Awarded)
- Study of genetically potential of berberis in order to gene bank preservation, PI
Funding Source: Agricultural Biotechnology Research Institute
Total budget: Approximately \$11,000. 2012-2014 (Awarded)
- Introducing the finest berberis based pharmaceutical aspects and food ingredients, Co-PI.

Funding Source: Agricultural Biotechnology Research Institute
Total budget: Approximately \$10,000. 2012-2014 (Awarded)

Student Advising

Undergraduate Projects: 22 (Major advisor)

Graduate Dissertation/Thesis:
