

**Jeremy J. Kiszka (PhD)**  
Behavioral Ecologist and Conservation Biologist

---

**Current position and contact details**

*Assistant Professor.* Florida International University, Department of Biological Sciences, Center for Coastal Oceans Research, Institute of Environment, North Miami, FL33181, USA. Email: [jkiszka@fiu.edu](mailto:jkiszka@fiu.edu); Tel.: +1 (305) 919 4104; Cell: +1 (786) 717 9797.

Head of the Marine Conservation Ecology Laboratory.

---

**Research topics**

General: Behavioral ecology and conservation of large marine vertebrates

Keywords: Community ecology, behavioral ecology, trophic interactions, ecological importance, habitat and resource use, prey-predator relationships, non-trophic interactions, marine mammals, elasmobranchs, fisheries interactions, conservation biology.

---

**Education**

2007-2010: PhD in marine biology, University of La Rochelle (France). Lab. LIENSs (Littoral, Environnement et Sociétés), UMR 6250 CNRS-Université de La Rochelle. *PhD thesis: Ecological segregation in a community of tropical dolphins: habitat, resource use and social structure.* Supervisor: Pr. Vincent Ridoux, Professor.

2004: Master degree (MSc) in marine biology, Université du Littoral de la Côte d'Opale (France). *MSc thesis: Feeding ecology and dietary segregation among large toothed cetaceans from the North-east Atlantic* (Marine Mammal Research Centre, University of La Rochelle, France).

1999-2003: Bachelor degree in physical oceanography. Université du Littoral de la Côte d'Opale, Calais, France.

---

**Previous positions**

2016 (July) – 2019 (August): Research Assistant Professor. *Florida International University*, Department of Biological Sciences, Marine Science Program, North Miami, FL33181, USA.

2012 (June) – 2016 (June): Post-doctoral research scientist. *Florida International University*, Department of Biological Sciences, Marine Science Program (Michael R. Heithaus lab), North Miami, FL33181, USA.

2010 (June) – 2012 (June): Post-doctoral research scientist. *Institut de Recherche pour le Développement (IRD)*. UMR 212 EME (Exploited Marine Ecosystems). Project: *Ecology and population structure of marine mammals and their interactions with coastal artisanal fisheries in the southwest Indian Ocean* (South-West Indian Ocean Fisheries Project, SWIOFP)

2010 (April – May): Project specialist, Marine Mammal Research Center, Université de La Rochelle (France) and National Marine Protected Area Agency (AAMP). Project title: *Spatial interactions between marine mammals and fisheries in the south-western Indian Ocean*.

2007-2010: PhD student, Université de La Rochelle (France).

---

**Mentorship**

Since January 2019: supervision of postdoctoral scientists: Dr. Michelle Caputo and Dr. Germain Boussarie.

Since December 2019: Major professor of PhD students: *Jessica Carde*: Influence of environmental changes on the ecology and behavior of coastal bottlenose dolphins in a subtropical lagoon; *Aarin Conrad-Allen*: Trophic role and ecological importance of Florida manatees in aquatic ecosystems; *Enrico Corsi*: Influence of environmental parameters on the social structure of odontocetes in Hawaii; *Alexandra Pfeiffer*: Ecology of critically endangered hawksbill turtles in northwestern Madagascar; Co-supervisor (PhD student): *Jonathan Syme* (Murdoch University, Major professor: Dr. Guido Parra): *Dynamics of mixed-species group formation in Australian humpback dolphins and Indo-Pacific bottlenose dolphins*.

Since 2014: Supervision and co-supervision of 18 undergraduate students and 7 PhD students (Major professor: Dr. M.R. Heithaus).

2016-2017: Christelle Razafindrakoto, Master Student (Marine Sciences, University of Tulear, Madagascar), co-supervisor. *Elasmobranch abundance and biodiversity in coral reef ecosystems off northwestern Madagascar.*

2014-2015: Ginevra Boldrocci, Master student (Science, Marine Biology, NOVA Southeastern University), co-supervisor. *Ecology, status and conservation of the great white shark (*Carcharodon carcharias*) in the Mediterranean Sea.*

2015: Germain Boussarie, Master student supervisor (Ecole Normale Supérieure de Lyon, France). *Behavioral impact of shark tourism on large reef consumers at Moorea, French Polynesia.*

2014-2016: Jeanne Wagner, PhD student (Université de La Réunion, France), co-supervisor. *Drivers of habitat selection in coastal bottlenose dolphins in an Indian Ocean tropical lagoon.*

2013-2014: Valeria Paz. Honors College ARCH, Advanced Research and Creativity in Honors, Florida International University. *Using stable isotopes to investigate trophic interactions of bottlenose dolphins (*Tursiops truncatus*) in the Everglades National Park (South Florida).*

2012: Baptiste Le Bourg. Master degree in marine biology (Université de La Rochelle, France). *Using stable isotopes and mercury concentrations to assess the trophic ecology and habitat preferences of deep-sea sharks from the Indian Ocean.*

2011: Laura Ceyrac. Master degree in marine biology (Université de La Rochelle, France). *Genetic population structure of the spinner dolphin (*Stenella longirostris*) in the south-west Indian Ocean.*

2011: Kévin Charlot. Master degree in marine biology (University of Perpignan, France). *Niche partitioning of coastal sharks from the SW coast of Madagascar: use of stable isotope analyses and mercury (Hg) measurements.*

2010: Omar Hamada. Bachelor degree (Université de La Rochelle, France). *Bycatch of elasmobranch in artisanal fisheries in the Comoros archipelago.*

2010: Aymeric Bein. Master degree (University of Perpignan, France). *Bycatch of non-targeted species in the pelagic longline fishery in the northern Mozambique Channel.*

2009: Ludivine Martinez. Master degree (Université de La Rochelle, France). *Use of stable isotope analyses to investigate trophic interactions among tropical delphinids around the island of Mayotte, Indian Ocean.*

2008: Gabriel Daudin. Engineer diploma, Montpellier SupAgro. *Site fidelity and individual home range of the Indo-Pacific bottlenose dolphin in the lagoon of Mayotte (Comoros).*

### **Teaching activities**

---

2006-2010: University of La Rochelle, Bachelor students (Biology), France. Courses: Physical oceanography, marine ecology, analytical tools in ecology (300 hours).

2013-present: Florida International University. Course: Biology of Marine Mammals (OCB4303).

### **Selected ongoing projects**

---

International Research and Professional Development Experience for Students in Ecology and Conservation of Endangered Wildlife of Nosy Be, Madagascar (2019-2021), \$299,438. *National Science Foundation, Principal investigator.*

Competition between marine mammals and fisheries in a NW Atlantic cold temperate ecosystem (Saint Pierre et Miquelon, 2019-2021), \$226,700, *Agence Française pour la Biodiversité, Principal Investigator.*

Ecology and conservation of reef manta rays in the lagoon of Mayotte, SW Indian Ocean (2019-2021), \$120,000. *Agence Française pour la Biodiversité (France), Principal Investigator.*

Identification of critical habitats for endangered groupers in St Martin (FWI), France (2021-2022), \$155,000. *European Union, Principal Investigator.*

Trophic Interactions and habitat requirements of Gulf of Mexico Bryde's whales (2017-2020), \$2,300,000. *RESTORE, co-principal investigator.*

Movements and distribution of southeastern humpback whales (*Megaptera novaeangliae*) in the southern Caribbean (2016-2017), \$16,000. *NOAA, co-investigator.*

Behavioral ecology of green sea turtles (*Chelonia mydas*) in the French Antilles: implications for ecosystem dynamics and the invasion of *Halophila stipulacea* (2015-2018), \$160,000. *TOTAL Foundation, Principal Investigator.*

Magnitude of elasmobranch bycatch and exploitation in artisanal fisheries of Colombia using fisher's knowledge (2016-2017), \$5,500. *Save Our Seas Foundation, Co-principal investigator.*

Conserving sharks and rays in the southwest Indian Ocean (2015-2016), \$5,000. *Wildlife Conservation Society, Principal Investigator.*

BY-catch assessment and Mitigation in Western Indian Ocean Fisheries (BY-CAM) (2015-2017), \$370,000. *Western Indian Ocean Marine Science Association, Co-principal investigator.*

Habitat and resource use by sharks on coral reefs: the critical role of Marine Protected Areas and remote sites (New Caledonia, 2015-2018), \$550,000. *TOTAL Foundation, Co-principal investigator.*

Critical habitats and foraging behavior of large endangered marine vertebrates (sea turtles and sperm whales *Physeter macrocephalus*) using animal-borne camera systems (2014-2016), \$217,000. *TOTAL Foundation, Principal Investigator.*

Effect of provisioning on the behavior and foraging ecology of blacktip reef sharks (*Carcharhinus melanopterus*) and sicklefin lemon sharks (*Negaprion acutidens*) around Moorea, French Polynesia (2013-2015), \$30,000, *National Geographic Society Waitt Program/Save Our Seas Foundation, Principal Investigator.*

Use of Unmanned Aerial Vehicles (UAVs) to assess the distribution and densities of elasmobranchs in coral reef ecosystems (2014-2015), \$6,000. *Save Our Seas Foundation, Principal Investigator.*

Long-Term Ecological Research (LTER), Everglades National Park. Behavioral ecology, feeding tactics and ecological roles of bottlenose dolphins (*Tursiops truncatus*) in the Florida Coastal Everglades. *Project participant.*

### **Selected past projects**

---

Evaluating the relative importance of bycatch of vulnerable marine megafauna in artisanal fisheries of the wider Caribbean region. *SPAW-RAC (Regional Activity Centre implementing the protocol concerning Specially Protected Areas and Wildlife in the Caribbean region, Principal Investigator.*

BIOLAVE: Deepwater biodiversity off La Réunion (Mascarene Islands, Indian Ocean). Investigation on the feeding ecology of sharks in deep-sea ecosystems. \$15,000, *Principal investigator.*

SWIOFP (*SouthWest Indian Ocean Fisheries Project*, 2011-2012): interactions between coastal and artisanal fisheries and megafauna (sea turtles, marine mammals, elasmobranchs) in the south-western Indian Ocean. \$150,000, *Principal investigator.*

RequiEP (*Sharks in the French Scattered Islands, Mozambique Channel*): biodiversity and ecology of sharks from pristine Mozambique Channel Islands, south-western Indian Ocean. \$100,000, *Co-investigator.*

Ecology and conservation of small cetaceans around the Mozambique Channel island of Mayotte, south-western Indian Ocean (2007-2010; Université de La Rochelle, Office National de la Chasse et de la Faune Sauvage, Conseil Général de Mayotte), \$200,000, *Principal investigator.*

Population assessment of reef sharks and other top marine predators in remote reef banks and islands in the Mozambique Channel (2009-2010; Shark Research Group, Direction de l'Agriculture et de la Forêt), \$65,000, *Principal investigator.*

Oceanic biodiversity and shark bycatch in the pelagic longline fishery in the northern Mozambique Channel (2009-2010; Shark Research Group, Direction des Affaires Maritimes de Mayotte), \$50,000, *Principal investigator.*

Distribution, abundance and conservation of dugongs in the lagoon of Mayotte (2005-2006; *French Wildlife Service*), \$20,000. Principal investigator.
