

Bachelor of Science in Early Childhood Education: Development Track*

Program Overview:

The Bachelor of Science degree in Early Childhood Education: Development Track focuses on understanding learning and development during the early childhood years. Students will learn about the cognitive, language, and social/emotional development of young children within the context of family and community studies. Students will also learn about general and early education practices and curricula. (*NOTE: This track does not result in teacher certification.*)

Recommended Courses (not required):

EDF 1005 Introduction to Education

Additional Requirement: *Maintain a 2.5 GPA. Some courses will require that the student complete field hours in a school.*

Careers/Job Opportunities:

- Pre-School Director
- Child Life Specialist
- Tutor
- Pre-School Teacher
- Childcare Worker
- Teacher Assistant
