

Bachelor of Science in Elementary Education: Career Development Track

Program Overview:

The Elementary Education: Career Development track prepares students for employment in professions that depend on an education background but that do not require teacher certification. The new track offers several courses with teacher preparation elements, including field school placements with the purpose of including a broad elementary education professional development. The current Teacher Certification Track (program) progresses much deeper and extensive in Teacher Education, including more advanced field school internship and practicum experiences. (NOTE: This track does not result in teacher certification.)
