

SPONSORSHIP

A faculty sponsor, who must be a tenure-earning or tenured member of the Department of Biological Sciences to serve as major professor must be identified in advance. The major professor will direct the student's research in consultation with the supervisory committee. Applicants are encouraged to contact faculty with similar research interests and inquire about their availability to serve as major professor. Faculty members must submit a letter of support to the applicant's file. Faculty members with Graduate Faculty status can sponsor MS and with Doctoral Advisor status can sponsor MS and PhD students. A list of faculty in the Department of Biological Sciences and their status follows:
