

Department of Chemistry and Biochemistry Original Research Proposal Defense and Exam (Ph.D. Students) Form

To: Graduate Committee

Date: _____

_____ took the oral proposal defense and exam on _____
Student Name PID # Date

Title of Original Research Proposal:

*The committee was **unanimous** / **not unanimous** in assigning a **passing** / **failing** grade for the defense/examination. If the committee is not unanimously in favor of passing the student, the student and/or the student's major professor should contact the pertinent committee member (s) to determine possible resolution for approval. If the matter cannot be satisfactorily resolved, the student and major professor should take the issue to the Graduate Committee for mediation. If necessary it is the student's responsibility to ask the graduate committee for re-examination. The student's committee should indicate if they are in favor of re-examining the student.*
