

Department of Chemistry and Biochemistry

Meeting and Interviewing Chemistry Faculty Form

Each new graduate student is required to interview a *minimum* of 6 faculty members including all of the members of the division of most interest. The purposes of this requirement are for the students and faculty members to meet and for the students to learn about the research projects of individual faculty members. New students must submit to the graduate program director this form signed by the interviewed faculty members. Each student must complete this form before officially choosing a research advisor. Once the student has completed Form CB-1 he or she must submit Form CB-2, Choosing a Research Advisor, to the graduate program director for final approval and acceptance of the student and research advisor. Final approval and acceptance must be obtained before beginning formal work with the agreed upon research advisor.
