# WHAT IS THE FIU EDUCATION OUTREACH PROGRAM?

The College of Arts, Sciences & Education at Florida International University, connects life-long learners with REAL university research. Through the Education Outreach Program we provide a range of activities and experiences to inspire the next generation of explorers.

We make FIU's research accessible for everyone, educating communities and providing FIU students with informal teaching experience. Through our after-school program activities we bring the adventure of university research to participants wherever they are.
