

Letter of Recommendation for FIU Summer Research Internship Program

The SRI program offers high school students the opportunity to engage in research being conducted in FIU laboratories under the mentorship of top scientists. The students will be volunteering a minimum of 20 hours per week for 8 weeks during the summer. It is imperative that the interns possess the **responsibility and maturity** to participate in this program as they will be working side by side with professors, post-doctoral fellows, graduate & undergraduate students engaging in “real-life” research. They must **take initiative, ask questions**, and not wait to be “asked” to participate. Please consider this as you recommend and rate the program applicant.

Student Name: _____

Teacher Name: _____

Subject: _____

Please Rate:

	Outstanding	Good	Average	Below Average	Poor
Leadership					
Scholarship					
Effort					
Honor					
Maturity					
Responsibility					
Takes Initiative*
